PART III DAILY PROCEEDINGS**MINUTES OF THE FIFTEENTH SESSION OF THE RHODESIA ANNUAL CONFERENCE**

First Day, Sunday, August 16th, 1953

The fifteenth Session of the Rhodesia Annual Conference of the Methodist Church convened at Old Umtali, Southern Rhodesia on Sunday, August 16th, 1953.

Conference Retreat: The central aim of the day was to seek a fellowship in Christ through sharing and prayer. Our thoughts were centered on two themes. Bishop Booth presented the first in a message on "The Future of our Church in Rhodesia." He gave us a profound conception of unity and growth in the body of Christ. The theme of the afternoon was presented by six speakers, who directed our thoughts on "Christ as the Lord of all of Life". At the conclusion of each of these messages, the Conference divided into small groups for a period of close

fellowship in sharing and praying on these themes.

Through the whole-hearted participation of everyone and the presence of the Holy Spirit among us, we all drew closer to one another and realized our oneness in Christ.

Communion: The Communion Service was held the Ehnes Memorial Church at 7.30 p.m. and was conducted by Bishop Booth who, assisted by several Elders, administered the Sacrament of the Lord's Supper.

Second Day, Monday, 17th August.

Devotions: 8.30 a.m. Bishop Booth conducted the devotions. After the singing of a hymn he spoke on the subject "The Power to Perform". The Board of Education met throughout the day as a Board and in Committees. In the evening the assigned Committees met.

Third Day. Tuesday, 18th August.

Devotions: The Conference was called to order at 8.30 a.m. by Bishop Booth, who conducted the Devotions. Hymn No. 348, "Take my life and let it be" was sung. After reading and the Lord's Prayer, Bishop Booth spoke on "The Power to become Children of God". Using St. John 1: 1-12 as the text. He pointed out what this power had done in Africa during the past half century. Today, and in the days that are to come, there will be an increasing need of both the power to become and to endure. Only people with God like qualities can face the changes that are before us and bring new spiritual life to those who have accepted the Christian faith but have never experienced Christ. After prayer, a male group sang, "I am Satisfied".

Roll Call: The Secretaries called the Roll. The Members, Missionaries, Approved Supply Pastors and Lay Delegates present are marked "p" on the Conference Roll.

The conditions for comprehending are: A strength that comes from an inner spirit and experience of God. Christ dwells in the heart, being rooted and grounded in love, and together with all the Saints. This is the way to be complete in God. J. Chimbadzwa led in prayer

The secret of fellowship is that of being with Christ and as one with each other. The purpose is that the world might believe.

Divisions constitute the greatest hindrances to a witness for Christ. The principles that should govern our relationships with one another, are: Do not speak until you know all the facts, be slow to judge the purpose, motives and desires, of another, talk from the head and not the heat of the heart, and have respect one for another.

The Bishop read Acts. 1. 8 and spoke on the subject of "Power from on High". Such power is the gift of the Father to His people and does not come from human source. On our part it is a matter of waiting and Christ will keep His promise by sending that power; Pride in power corrupts both the power and the expression of it. A. REPORT OF BOARDS

1. Conference Claimants

1. Job Gondora has died in the past year, and his wife had previously died. There are therefore no further payments to be made for his assistance.

2. In order to plan well for pensions in the coming years and also to know the number of new men who will be needed to enter the Annual Conference to take the place of those who will be retiring in the years ahead, we ask that Dr. M. J. Murphree, Rev. Jackson Ruyago, and Rev. Josiah Chimbadzwa, serve as a committee to secure a definite record of the approximate ages of all members of our Conference.

BOARD OF EDUCATION

Religious Education

1. The training of members in Stewardship was referred to the Committee on Evangelism.

2. It was recommended that whatever method was used for distribution of S. S. Literature be followed for the distribution of the Attendance Cards.

3. It was recommended to send a letter of appreciation to Miss Henry for her help here, the letter to be sent by Conference Director of R. E.

4. In order to eliminate much of the difficulties and delays of distribution and in order to promote purchases with a more attractive lesson set it is recommended that the S. S. Lessons be published in a yearly booklet, the cost of which is not to

exceed the present prices of Quarterlies.

Furthermore we recommend a 3 year Cycle Curriculum be set up by a Committee named by M. E. Culver, for both Jr. and Sr. lessons and that Mr. Culver edit the adult lessons and Bishop Booth appoint someone from this Committee to edit the Junior lessons. The latter is considered necessary due to differences of approach and time limits involved.

5. It was recommended that more frequent reports be sent to the Joint Committee of Religious Education in N. Y. Material to be obtained from local churches as to what they are doing and plan to do in the future.

6. Although realizing the necessity of high education qualifications of Head Teachers and the need for Christian teachers in all classes, we would like to recommend further qualifications for the head teacher. In order that there be better understanding and closer cooperation between school and church and community, we urge that those appointed head teachers choose wherever possible, men or women, of acceptable experience as Christian leaders. We further urge that all teachers apply Christian principles in their classes, that Religious Instruction be given by teachers with a religious experience.

7. After Mrs Culver's report of the possibility of District R. E. workers, it was recommended that at this Conference a full time District R. E. worker be appointed to each District and

that Mr. Culver be authorized to make necessary arrangements.

8. It was recommended that the aims set at the Pastor's School as a result of Miss Henry's visit be continued through this year and that they be carried under the direction of the District Religious Education Workers and that a list of the aims be sent to each Pastor.

9. We recognize the importance of continued training in stewardship throughout the Conference and we recommend that the Sunday School Editors give special attention concerning this instruction when writing Sunday School Lessons. We recommend, also, that if there is no provision for a stewardship program in any District that the District S. S. & R. E. workers help with this, under the guidance of the Conference Director of Religious Education.

10. We encourage increased use of visual aids and other enrichment materials in Sunday School, M. Y. F. and any other departments of the Church School.

11. Since there is an Office of Religious Education at Old Umtali, we urge more use be made of it for materials to use in Sunday Schools, M. Y. F. Schools and other Church meetings.

SCHOOLS Calendar

We request the permission of the Department of Native Education to hold school on public holidays observing these holidays with appropriate exercises, and close the term early.

We request the Education Department to arrange for the school year to start in September, giving thereby a chance for the teacher to complete the roll of pupils in his school before planting season absented so many of them.

Teaching Barrier

We request the Inspectors be more prompt in giving reports and recommendations for teachers who have reached barriers.

Outstations

That the Superintendents work out together strategic places to establish Std. 4 and that the African Christian Convention be asked to work out methods of getting teachers.

Need for an Industrial Course

Committee appointed previously to investigate Post Std. 6 Courses was asked to study the possibilities for Industrial Courses under our Church.

Uniforms for all Methodist Schools in the Conference

A Committee consisting of Miss S King (as chairman) and 5 other members she should choose, are requested to study the possibility of uniform dress for all schools in Conference.

Statement of our Teacher Training Policy

See Report in Misc. Section Publications

We recommend:

1. That the chairman of the Publication Committee correspond with the I.C.C.L. 2. That the supplies of Pfumvuyi Kunwa kune Simba on hand be set aside for free distribution in towns and mining centers under the direction of the sub-committee of the Literature Committee of the Field Committee.

9. That Mr. Culver be chairman and Mrs. Griffin secretary of the Publication Committee.

In addition the Treasurer holds £300 as a revolving fund from which funds may be drawn for salable books and return to the fund under the direction of the above named sub-committee.

New publications of the current year reported by the sub-committee include:

By Mr. Culver—a set of pamphlet stories originally used in the Umtali evangelistic services.

11. As Mr. Joseph Nyamurowa is asking to resign as editor of the Umbowo hwe Ursu we wish to express our appreciation of the work which he has done during the past year and for many previous years.
12. The Publication Committee has a question to ask about the Umbowo Committee

- i.e. to what committee of the Conference is it responsible? Responsible to Publications Committee.
13. Election of Editor of Umbowo as recommended last year to take place on the Conference floor.

Committee on Curriculum:

The Committee which was chosen last year to revise schemes of study for all subjects from Sub. A to Standard 3 will inspect schemes submitted by the Teacher Training Department and make suitable schemes available for the interim until the Government issues the new schemes on which they are working.

The recommendation for the teaching of staff notation in Music has been carried out in T. T., the Secondary School and Nyadiri Central Primary School.

It is recommended that during the Conference a member of the Teacher Training Department meet with all who are interested, for an explanation and demonstration of the syllabus and methods of teaching writing, and further, that the Superintendents at their planning Conferences have some competent teacher give instruction to the untrained teachers.

Since the use of the new orthography has been neglected by many teachers, we recommend that in our schools we emphasize the teaching of new orthography.

For more effective teaching of Hygiene in the schools we recommend that whenever it is possible, doctors and nurses be invited to help in the teaching of Hygiene and that teachers be encouraged to cooperate with health demonstrators.

Community Life.

1. We recommend that a Committee from Nyadiri, Mtoko and Mrewa areas, with Mr. Smallie as Advisor, be appointed to examine possibilities of a producers co-operative, in said areas, for marketing their produce in Salisbury.
2. We recommend that Christian parents or guardians should not allow their daughters to marry a polygamist. We feel that if we are to take our place in the modern world we must teach and help our people to understand that with exceptions the Government prohibits polygamy by law.
3. We recommend that the people of the Community should all cooperate in building schools. Those not wanting to work should pay money if they want to send their children to school.
4. We recommend that Christian people should not ask more than £20 Lobola for their daughters and that they make no other demands.
5. We also recommend that Christian people do not buy expensive clothing and

much food for a wedding.

Nos 4 and 5 are referred to the study groups set up by the Board of Evangelism.

The Youth and M. Y. F. Committee

The M.Y.F. of the Southern Rhodesia Conference is growing by leaps and bounds. In May, 1953, the Seventh Annual Conference was held at Mrewa and hundreds of young people gathered together to advance the work of Youth for Christ. Highlights of the Conference including the presentation of the new chorus booklets by Mrs. M. E Culver, the presentation of the attractive M. Y. F. pins, and the inspiring message from Bishop Booth as he gave greetings in many different languages from other youth groups in Africa. As the committee met to make further plans, if felt tremendous scope and burden of the work. The heartfelt prayers of all are requested for our young people that they may experience the redemptive power of Christ. Our youth are interested, and now is the time to challenge them in the work of the church. The following new advances were recommended and passed.

1. That a five year training program be set up for M. Y. F. leaders with a school each year for different leaders. The first camp to be held this year. The following committee was elected E. Chieza, Mrs. M.E. Culver, L. Chikukwa, A. Muzorewa and G. Otto.

2. That the following committee be responsible for the

preparing and sending out of program material to M. Y. F. groups: M. Ball, E. Chieza, M. Johnson, R. Chikosi, P. Nyamakapa, and G. Otto. All groups are requested to send in suggestions and worship material to this group.

3. P. Nyamakapa was elected to see that M.Y.F. news be included in the Conference Circular Letter.

4. The Finance Committee should include in budget money for travel for the President, L. Chikukwa, and Vice President, R. Chikosi. Their itinerary to be approved by the finance committee.

5. That M. Y F. leaders establish M. Y. F. groups in the churches at Salisbury and Honde as requested by S. Chieza, and J. Nduna.

6. That an M. Y F. day be included on the church calendar some time before the M.Y.F. Annual Conference.

7. That those who are concerned about the time of the M. Y. F. weekly meeting choose the most convenient time for their groups.

8. That membership cards and ceremony be prepared and adopted. It was stated that those desiring to join M.Y.F. should be voted upon first in the Quarterly Conference, and that they must be either Probationers or full members and have been active in M Y F for one year. The following committee was elected: O Stine, L. Mandizha, L. Chikukwa, R. Rusiki.

9. That L. Mandizha be the Umbowo Correspondent for M. Y. F.

10. That 3,000 more M.Y.F. chorus booklets be prepared by Mrs M. E. Culver and sent to E. Chieza for distribution.

11. That the M.Y.F. ask for a special time at Conference in 1954 in which to present its work and needs.

12. That all members of M.Y.F. help to evangelize their own young people, and be quick to see such opportunities. They should welcome all to their meetings regardless of denomination.

13. The matter of associate membership was referred to the M.Y.F. Annual Conference.

14. That information and instruction about M.Y.F. be included in the Minister's School.

15. That the next Conference be held at Mutambara in May, 1954. The following are the Conference Officers: President, L Chikukwa, Vice President, R Chikosi; Treasurer, E. Nyambawaro; Secretary, N. Katsande.

Evangelism

1. We urge all our Churches to labour by every means to bring negligent members into participation in the church's life and activity. Let us not in any instance relinquish what hold we have on the people who are on the fringes of the church's life. They are members of the Methodist Church until their membership is terminated by death, transfer to another denomination, withdrawal or action of the Quarterly Conference.

2. Items No. 1 and 2 from the two Christian Conventions

are referred to a Committee of 16 members which are as follows (North) Revs J. Jijita, J. Chitombo, Messrs Rusike, H. Mafunga Mesdames S. King, J. Chitombo, E. Munjoma, O. Stine.

(South) Rev. E. J. Aesehliman, M. Chiza, O. Musingwini, Messrs J. Kapenzi, R. Chikosi, T. Nyakunu, Mesdames B Reitz and J. Chimbadzwa

3. A goal of 250,000 new believers has been set for new believers in the Methodist Church and we are asked to take our share. We have set our goal with hope that we go and work hard through the guidance of the Holy Spirit to get 7,000 new believers and in addition 2,000 Probationers received into full membership during the Conference year of 1954

4. New areas of work:

(a) That we ask the Pastors to contact the nurses within their area for evangelising and arranging of class meeting times with them to fit their work.

(b) We recommend that applications be made for Church Sites in Tanda Division Inyanga, Headlands, Rusape and Inyazura. These applications be made by the District Superintendents of the areas in which these places are located.

5. Our Church considers the use of mbanje in the same way as the use of Doro and a Christian ought not to partake of it. Furthermore, the sale of mbanje or doro eimera for use of doro, is just as great an evil as the use of it.

6. We reaffirm the need for a closer cooperation between the village churches and urban churches in the care of young people coming into towns. We propose that Ministers, Missionaries, M.Y.F. Leaders, class leaders and parents notify the Pastors in towns when young people from their villages go to towns for work. In this way care may be given to these young people to see that they get into church life.

7. We recommend that our Conference take a new and thorough approach to proclaim our case against the use of tobacco. We need to have:

- (a) An educational approach through literature and class study on the reasons why we disapprove of tobacco.
- (b) Pastors should prepare themselves well and give personal counseling to users of tobacco in our membership.

8. It is recommended that District Conferences be considered by District Superintendents for greater effectiveness in the planning and promotion of work and unity in our Churches.

9. We encourage the Wabvuwii to go forward with its organization and constitution as we believe it will increase their effectiveness.

10. Reference to Rukwadzano

The question that was referred to the Rukwadzano has been discussed. We are very sorry that some of our missionaries

were involved in a misunderstanding about joining the Rukwadzano. We would like to urge that their names be presented in the usual manner at their local church. The suggestion that there be a special reception procedure for missionaries is referred back to the Annual Executive meeting of the Rukwadzano.

In the meantime our missionary women may be received in the usual way according to the rules as set down in our constitution.

4. Lay Activities.

1. It was agreed unanimously that Mr. Chieza and I. Musamba continue as Chairman and Secretary respectively.

2. The motion on School Fees, found on page 42 of the Conference Journal, has been ignored by some Superintendents. We therefore strongly reaffirm that this motion be put into practice by all.

3. We recommend that the ministers put more emphasis upon activating teachers in the church work and urge them to meet regularly for Quarterly Conference.

5. Board of Ministerial Qualifications, Training And Relations

1. We recommend that we accept the report of the Theological School Advisory Committee and it be included in our Conference Minutes.

A. The course of study of the Theological School is

lengthened to three and two thirds years so that graduation will take place at the end of the second term of the school year. Those expected to be graduated in December 1953 who wish to join the Rhodesia Conference will be asked to stay at Old Umtali during the first two terms of 1954 in special preparation for admission on trial. The future graduating classes will complete their work in August 1955, and each August thereafter.

- B. The work of the Theological School is now planned in cycles of three and two thirds years, with what ever adjustments will prove to be necessary.
- C. A revised curriculum for the Theological School has been prepared and is to be sent to the Chairman of Education of Central Conference for the circulating among the Annual Conferences of the Elizabethville Area.
- D. Eleven months of the student's time will be required each year for the Theological School. This will include supervised field work during the holiday periods.
- E. At the end of any given term, if a student has failed one or more courses, it will be a responsibility of the faculty to require him to make up the deficiency during the holiday

period immediately following, and if a student does not measure up to the requirements he may be dropped from the school.

- F. We maintain our present policy that the passing of J.C. or T.T. examinations be required for entrance into Theological School. We realize, however, that some men may get the call to the ministry at the age when they could not enter those courses. We therefore approve the following : - If a student has passed standard 6 and cannot be admitted to T. T. or J. C. courses because of age or marital status, he may take a two year course of study for approved supply pastors, after which by action of the Board of Ministerial Training he may be recommended for a four year course of study in preparation for Annual Conference membership, at the end of which he may be received on trial. Then he will be placed in the Conference Course of study, consisting of four courses, each of which will ordinarily require years of study. After having passed the first two of these four courses, he may be recommended for full membership and given deacon's ordination. Upon completion of all four courses, he may be recommended for ordination as an elder.
- G. A graduate of school of

- Theology may be recommended as a member on trial in Conference at the first Annual Conference following graduation, and be placed in third year of the Conference Course of study. After two years on trial he may be received into full membership and ordained as a deacon. Upon completion of the whole course provided he has been on trial at least two years he may be ordained as an elder.
- H. All those who are expected to conduct meetings shall be required to take the exhorters' examinations. Those who expect to give their full time to the ministry and have completed the course of study for the local preachers may be recommended as approved pastors and shall be continued in that status, only as they show progress in the course of study for approved supply pastors.
- I. The administration of examinations for exhorters and local preachers will be left to the districts.
- J. All examinations beginning with those for approved supply pastors and up will be administered by the faculty of the School of Theology.
- K. For admission into the School of Theology, a University Junior Certificate which has been earned after correspondence will be recognized.
- L. An entrance examination is to be set for admission into the School of Theology, with special attention given to aid the faculty in directing the student's studies after his acceptance.
2. We recommend that Grace Otto, Vivian Otto and Sylvia Aldrich be admitted on trial and that they be exempt from the course of study under the Seminary rule.
3. We recommend that Marcia Ball and Jonah Kawadza be admitted on trial and placed in studies of the first year.
4. We recommend that Simon Kowo, Davidson Chikosi, Davidson Mushapaidzi, Nason Madzinga, John Jijita, Abel Muzorewa, John Nemawingwe and Elisha Kuwana be admitted on trial and placed in Studies of the Third year.
5. We recommend that Mr. Culver, E. J. Aeschliman and A. Mansure be the examining Committee for Marcia Ball in the General Conference Course of Study.
6. It is recommended that Item No. 8 of the 1952 Journal become a permanent Policy, that all the applications for Theological School be referred to the faculty and the Theological School Advisory Committee.
7. We recommend to the

Nominating Committee that Per Hassing replace K. Erikson on the Theological School Advisory Committee.

8. We recommend that ministers on trial be authorized by the Conference and the Bishop as marriage officers.

9. We recommend that T. A. O' Farrell be placed on the Retired List.

10. We recommend that Tudor Roberts be discontinued as on the trial at his own request.

11. L. E. Adkins is to be continued as a member of the conference without Annuity Claim.

12. We recommend that Pierre Ashema be ordained a deacon as elected and requested by the Central Congo Conference.

13. We recommend that Joel Gwara and Joseph Makuto be added to the approved supply pastors list and that they be admitted to the Course of Study.

14. We recommend that a Pastor's School be held annually and ministers of other denominations be welcomed by special arrangements with those in charge.

15. We recommend that the faculty together with the Theological School Advisory Committee be asked to revise the Courses of study for Exhorters, Local Preachers, Approved Supplies, Admission on Trial, the Conference Course of

Study and that the courses become effective immediately on completion.

16. We recommend that H. F. Anfinsen be continued in Studies of the Third year and Asbjorn Leiknes in studies of the Third year (the latter to be placed)

17. We recommend that K. Choto and O. Stine be the examining Committee for Jonah Kawadza and that he be continued in the Course of study as outlined in the 1951 Journal until the new course of study is completed.

18. We recommend the following as Approved Supply Pastors:- Henry Mafunga, Nicholas Muskwa, Enoch Makuto, Julius Kayingiye, Isaac Tsopotsa, Jotham Risinamudzi, Moses Hunidzarira, Peter Kanonuhwa, Jonah Dangirwa, Silas Chitiyo, Joseph Makuto, Lenart Kasambira, Philemon Dube, Joshua Mutsago, Paul Maviza, Maxin Mutambane, ngwe, Enoch Chiadzwa.

19. We recommend that Philemon Gurupira and Martin Chiza be placed in the studies of the 3rd year.

20. In looking forward to the adequate pastoral care of our people we see a great need for young men to accept the challenge of the full time ministry. At present we have an insufficient number of candidates. We believe that our young men will respond to this call and we therefore make a definite recommendation for a

programme of recruitment.

A. Let the Theological School Advisory Committee approve a specific plan for recruitment in order that all may feel free to present to prospective candidates the opportunities of going into the ministry. As this would involve the transfer of persons from one type of service to another, for example from teaching to the ministry, there must be a common understanding and backing of the program.

B. The Theological School must plan some type of extension program which will make an appeal to prospects throughout the Conference. They should have someone who is active as a recruitment agent.

C. All Conference Workers, District Superintendents, Ministers in Service, and concerned Christians should take it upon themselves to proclaim constantly the call to Christian Service. Some attractive literature should also be prepared for this.

D. The securing of consecrated, qualified candidates to enter the Christian ministry, is the most pressing personal need for the future leadership of our Church and it must take priority over any other need in our Conference.

21. We favor the admittance of Marshall Murphree Jr. on trial, but it is impossible to take any action until we know if it is possible to receive anyone on trial who does not ap-

pear in person. He would also have to present in writing the answer to the Disciplinary Questions.

22. We recommend that Daniel Chitenderu and Thomas Kavasono, Approved Supply pastors, be retired and their names referred to the Conference Claimants committee.

6. The Temperance Committee

1. We ask all the Ministers to support us in carrying out the temperance program. We admit that every year recommendations are made but they aren't carried out. We are sure that more help from the Ministers will make the program more effective in the future.

2. We attack temperance from the health standpoint. With that in mind, we ask Dr. Nutting to prepare a booklet on Temperance after studying the booklets which are available, and to give us information concerning the ill effects resulting from the use of alcohol and tobacco.

3. We suggest that the Temperance Booklet entitled "Zwidzinzo zwepfumvu Yekumiwa Kunesimba", be sent to all Ministers and teachers. Also, we ask if we may have the booklet distributed under the direction of the Sub Committee of the Literature Committee of the Field Committee when other literature is distributed in towns and mining centres. (See item 2 of the report on the Publications Sub Committee of the Board of Education)

4. We continue to include one

temperance lesson per quarter within the Sunday School lessons.

5. We ask the Umbowo Committee not to forget to use the space allotted for a temperance column in the Umbowo.

6. We ask that Temperance Commitment Sunday continue to be appointed on the Church Calendar for the third Sunday in November and that Miss Reitz be responsible for distributing material to pastors previous to this date for their use in seeking commitments.

7. We call the attention of our people to the gambling going on, as well as drinking. Twenty years ago, our African people used to make a Clean Life promise. We should like to revive the use of the Clean Life pledge Card. Mr. J. Makuto and Miss Wildermuth the Secretary, were asked to seek information on what was done. The Secretary was asked to prepare a card and to circulate it to all members of the Committee.

8. We ask that a competition be held in which Compositions about the evils of liquor are written in the higher standards of our Schools. We ask that Mr. Jasper Machiri, Miss Ball and Mr. Misingwini act as a Committee to organize it—that they make the rules, inform the District Superintendents about the competition, receive and judge the papers. We should like to have it done this year. Mr. Kinyon offered £2 for prizes. We ask that the best composition be printed in

the Umbowo.

9. We emphasize that education, that recreation and that every way possible be used to carry out the Temperance program.

10. We earnestly seek the cooperation of all members of the Conference in the carrying out of the Temperance program. We shall be very grateful for it.

B. Reports of Commissions

1. Worship and Music

1. We urge that pastors and other leaders of the Church increase their efforts and find ways to begin their services on time. We would point out the suggestion that Memorial bells might give needed incentive in places.

2. We appreciate the interest in vernacular music which this Annual Conference has displayed and the time given to it. In this connection we wish to re-emphasize the importance of the instruction of Hymns throughout the Conference and we urge that District Superintendents arrange with Mr. Enoch Chieza or someone else to give instructions at District Conference or other suitable times. We recommend also that in Teacher Training, Secondary School and Theological School there be a Course on Hymnology, using Ngoma as their Text Book.

3. We recommend that a Committee composed of Miss Deyo, Mr. Gates, Messrs R. Chikosi, and M. Chiza be appointed to help Rev. E. L. Sells in drawing up the Church Calendar.

4. We recognize and appreciate the emphasis contained in our Sunday School literature during the past year on the enrichment of our family worship life in the Church. We recommend that Dr. Sherertz, Miss Lois Pfaff, Mrs. Martin Chiza and Mr. Enoch Chieza gather and prepare further material to be presented to the Commission on Worship and Music at the next session of Annual Conference.

The following are nominated as new members of the Music Committee: Lazarus Mandidza, David Machiri, Samuel Makawa.

3. Interdenominational Relations Committee.

(1) It is recommended that we accept the Methodist Council's statement on cooperation in Salisbury. Cited "Methodist Council minutes, Page 3, Item No. 5.

"That the parallel establishment of a full Conference Church in Salisbury limited to the Harari Township for the present, allowing for pastoral visitation in nearby areas out of that Township. We recognize that members from the Conference Churches are free to hold their membership in the Methodist Church of their choice".
 (2.) The recommendation of the Methodist Council for the transfer of Section of Chiduku to Chimanza Mission was not accepted in that the Quarterly Conference of Chiduku did not favour such.

4. Medical Activities

Health should be one of the priceless gifts of the human race. Through a lack of knowledge of how to be healthy and keep healthy, this gift is too often withheld. There are far too many patients in hospitals who should not be there. Our schools can not expect to have children who are mentally alert and who will be able to advance toward higher education if, from infancy and during their pre-school years, they have repeated attacks of malaria and bilharzia and other parasitic infections which are predisposing causes of anaemia, plus malnut-

rition which is so common among many of our babies and pre-school children in many parts of our Conference. We realize the value that Jesus put on the individual in His three-fold ministry of teaching, healing and preaching, and we must emphasize the importance of being concerned about the health of our people. We stress the necessity of a strong public health program, to be participated in through our hospitals, clinics, schools, churches, Rukwadzano and Wabvuwi groups and all other church organizations throughout our Conference.

Since last Conference the little book "Simple Health Lessons" has been printed. Courses have been given in the Teacher Training Classes in the hope that these teachers will carry the program into the village Schools.

Last year the course was given to the wives of the Theological Students, and this year further courses were offered for this group and any other interested.

Mothers' Classes have been begun at the Old Umtali Clinic and there is much interest shown. An African nurse is preparing and teaching these classes. A second booklet, simple first aid lessons is now being prepared in Shona.

Positive Health and Prevention of Sickness was taught at the eight Women's Bible Schools sponsored by the Rukwadzano. The 155 women who attended the four classes held in May and June, came as delegates from 81 different Rukwa-

dzano groups. They took back with them mimeographed notes in Shona on some of the health ideas they learned, so they can pass them on to the groups they represented.

Malnutrition among Africans in Southern Rhodesia is one of the main health problems here. This is not fundamentally an economic question but a question of knowledge of nutrition, and then changing some eating habits. So we have taught some of this at the Women's Bible Schools, Old Umtali J. C., the African Girl's Hostel and Tendai Training Centre. We hope to do more of this teaching next year, including some men's groups (Wabuwi) if arrangements can be made.

Babyfold

A Sunday was placed on our Conference Calendar last year, to be known as "Babyfold Sunday". It was hoped that our two Babyfolds would benefit substantially from the observance of this day. We regret, however that the results were disappointing as only a very few of our churches set a day apart for receiving gifts for this work. We give our sincere thanks to those few churches for their generous and timely offerings.

We should like to emphasize that the work of caring for motherless babies is going to become more and more dependent on support from the local churches of our Conference. Therefore we urge that in our new Conference year Babyfold Sunday as set by our

Conference Calendar (or another Sunday if more convenient) be kept in mind and observed, with the object of collecting gifts of produce, clothing and money for Babyfold work.

If pastors will get in touch with those in charge of the Babyfolds sometime before Babyfold Sunday, they will be assisted in arranging a special program for this day and if possible a Babyfold worker might be supplied to help on the Sunday observed in carrying out the program.

The suggestion arises from time to time that it might be feasible to combine the two existing Babyfolds having only one large home for both northern and southern sections. Our answer to this suggestion is that we strongly recommend to continue the two homes as we now have them. One in the northern section and one in the southern section.

There is a very strong feeling that a survey should be attempted during this Conference year to get information on as many as possible of the children who have been cared for in our Babyfolds.

Pastors and teachers will be asked to assist in this study by endeavoring to locate as many children as possible in their Circuits for who have been cared in either of our Babyfolds. A questionnaire will be given pastors covering the information desired and they will be asked to fill in as completely as possible and return to the missionaries

in charge of Babyfolds

This Committee is very glad to hear the report that it is hoped to open two clinics in the Nyadiri District and one in the Mutambara District in the near future, pending the erection of the necessary buildings, the required financial aid by the station and chiefs making the requests and the availability of nurses.

5. Memoirs

Mrs. David Mandisodza.

Mrs. Mandisodza accepted Christ as her Saviour at Mt. Makomwe Mission and later on began teaching there. After having taught for some time, she was married to Rev. David Mandisodza, who was the first African to be taken on trial in the Rhodesia Mission Conference in 1921. She and her husband worked together faithfully in the vineyard of their Lord until her health began to fail. She was always a strong Christian leader.

In 1952 she became ill with a heart condition and on June 14th, 1953, she passed away to her heavenly home.

To Rev. Mandisodza, children and relatives, we extend our deepest sympathy and ask God to comfort them in their sorrow.

Joseph Shingai. the second son of Rev. and Mrs. D. T. Mushapaidzi was born on June 14th, 1952 at Old Umtali Maternity. The parents loved their child as a precious gift from on high.

He was attacked by illness at the age of nine months and shortly after that he passed away in Salisbury and was buried at the cemetery there.

To the bereaved parents and relatives we extend our deepest sympathy and pray that God will be very near to them in their mourning for their beloved child.

6 Resolutions

We are grateful for the opportunity we experienced of deepening our Christian fellowship provided by the special day of retreat, and thank the Program Committee with its various responsibilities for their contribution in planning for the music, worship, entertainment and accommodation for this Conference year. We also want to express our appreciation for the flower arrangements which have added to the beauty of our sanctuary.

To Bishop Booth, for his consecrated leadership and challenging devotions, we express our sincere gratitude. It has always been a joy to have Mrs. Booth present with us.

We regret that several missionaries and other members of the Conference were necessarily absent from these sessions. However we are pleased to have with us the wives of our ministers, and extend to them the invitation to join again in this fellowship each year.

It has been good to receive the fraternal delegates from the Synod, and our special appreciation is given to Rev. H. Carter

for his concern and leadership during the past years. We regret that this is the last Conference Mr. Carter will attend as an official delegate because of his retirement, but we are grateful for his continued concern and interest.

We welcome the arrival of new missionaries and thank God for all of those who have responded to the call for the Christian ministry and who have begun their active relations with the Conference this year.

7 URBAN AREAS

1. Since a second W. D. C. S. Missionary has not yet been appointed to Umtali, it was thought that maybe a new A-3 might help.
2. We reiterate our desire to take over the supervision of Tendai Training Centre but feel we cannot yet press the issue.
3. We ask the Native Education Department to appoint a school council for Sakubva and to have missionaries and parents represented on the council.
4. A small committee was formed to study and assist in the African Locations of Penhalonga and Rusape with the consent and leadership of the respective District Superintendents. This committee to be, the D. S. involved, Mr. Murphree, Mr. Patrick Machiri, Mr. Enoch Chieza, and one lay delegate from each location to assist this committee at his own town.

5. We wish to express gratitude to the Board of Missions and the Central Kansas Conference for their generosity and interest regarding Umtali, even though the new social centre is not yet completed.
6. Salisbury Church Committee Report.
The following recommendations were made:
 - a. That we express our gratitude to the Salisbury Council for their offer of a site in Harare for our church, and we accept the site offered.
 - b. That we accept the plan of the church building as presented, and ask for further information about the cost of a basement under whole, or the cost of a double storey building.
 - c. That the promotion committee be composed as follows: M. E. Culver, Chairman R. C. Gates Rev. and Mrs. Samuel Chieza. Chairmen of the northern and southern sections of the African Christian Convention, Chairmen of the northern and southern sections of the Rukwadzana. One delegate from the Salisbury Church.
 - d. That the promotion committee put before us all, every possible idea of how to raise money and get it into the hands of every minister. Also that it work out a plan so that Rev. Chieza could tour the Conference taking this im-

portant matter with him.
e. That we should ask for a time to present briefly before the Conference the matter of the construction of the Salisbury church so that every one will go away inspired to begin immediately on the plan of raising money, through camp-meetings and other meet-

ings during every week in the year in all the ways suggested by the promotion committee. A vote taken in the Urban Areas committee showed that the majority favored building the church without basement or second storey. See page 112 of minutes for action on item 6.

E. The Composite Report of the Superintendents

From all parts of our Conference comes a note of rejoicing and thankfulness that this year of evangelism has really brought us nearer to the Kingdom of God and that already we are reaping a harvest from the seed that has been so faithfully and capably sown.

It seems to me that we are building up a Christian community- one that is making itself felt and holding up a banner for the right all over our area.

The invitation to come together in the open air to hear what our evangelists have to

say has attracted many outsiders and those waverers on the border have been strengthened and drawn into the circle of believers. These latter have got a new urge to do something for the Kingdom and our Church organizations - Sunday School, Choir, Rukwadzano, Wabvui, and M.Y.F.- provide an outlet for every talent, age and sex. These are not only going from strength to strength individually but have been sharing each others gatherings in week end camps and in the Quarterly meetings, until, as has been said, we have now a Christian community that is making itself felt for good over all our circuits.

With a service-minded people like this we rejoice that when circumstances take them to Salisbury there is a spiritual home awaiting them there where they can continue to enjoy the fellowship of worship. We say "Thank you" to the Nyasaland Presbyterians who so willingly let us continue to use their building, and the prospect of a site of our own is promising if not yet definite. And again we say "Thank you" to our fellow Methodists of the Methodist Church Synod for their every effort of assistance and attempts at co-operation.

Our folks in the Southern section have always had the advantage of a Church of their own- with their Hilltop Church at Umtali carrying a wide range of activities and we are glad to be assured in this report that it is increasingly becoming a center of spiritual and moral influence in the community. In his Annual Report the Native Administrator referred to the work our Methodist Church was doing in Sakubva Township.

The same community spirit is being shown in our European, Coloured and Indian work with their varied organizations, the new Methodist Hall being a great aid to this. Evangelism is making itself felt throughout all our work there.

Who are the leaders of this solid community we are building? Undoubtedly it is the ministers. The re-arrangement of circuits and the increases in the number of ministers over them, made last year, largely

on a venture of faith, has proved itself to have been good. Practically every circuit has its own treasurer and handles its own funds. As one writer expresses it "this has led to a clearer understanding of financial needs, expenditures and obligations, and has created a fine spirit of understanding between all workers in the district." And have not these leaders inspired their followers to work! At Nyadiri the congregation has actually started on the foundation of the new church building- the dream of years. But as the writer of the 11th Chap. of Hebrews says the time would fail me to tell of all the buildings put up this Conference year- churches, parsonages, better classrooms that make better preaching places, new roofs, repairs of every kind. I doubt if there is a single building in our community that has been left untouched. If so, I feel sure it is on the list for next year.

But this community we are building must be taught. We appreciate the Bible Study lessons and the Medical advice given by those appointed for that to those beyond school age, but our young people must have the daily discipline of school life. As ever before, our greatest drawback is the scarcity of teachers, especially consecrated, Christian teachers, but here again evangelism comes in. We must build up, in knowledge and character, a community of young people who will dedicate themselves to this work and we must see that

the proper training is made available for them. We are still spending much thought on what is best to be done for the community and the culprit, when moral laws are broken, but do not let us forget the rank and file who carry out this exacting work from day to day, some of them holding responsible positions to every one's satisfaction, and it is for them that we are so grateful for the substantial cost of living allowance, just given by the Education Department. Their standard of teaching qualifications, school buildings and equipment are all rising year by year. We, Superintendents are doing our best to satisfy their demands, for is not this a step towards educated and dedicated ministers, teachers and members. This year we have the new Centre School at Mrewa, the Beit Hall at Old Umtali, two new classrooms at Mtoko Centre, the new homes at Mutambara for the school girls and their teachers, new girl's dormitories at Nyadiri to mention some of them. We congratulate Old Umtali on its first graduation of eleven students at the Secondary School and are thankful to hear of the two sections of the First Year T. T. Class. Our sincerest thanks are given to our Contract workers and those gifted volunteer workers who have come to our aid this year.

The African Girl's Hostel is not only continuing to provide a real home for our girls but in the new Tendai Training Centre next door, training many of them to become the

good house girls that are so much in demand by the European community. Both races are benefiting by this venture.

It is good to be reminded of the great part St. Paul, through his letters, played in the building up of the early church, and we are grateful for those who are gifted to write for us, especially in the vernacular. How we rejoice with those who have to print it that they have received as a gift from America a new small job press and that it has been supplemented by one hundred pounds worth of new type, the gift of Bishop Booth. Nor should we forget the monthly routine of Sunday School Quarterlies and the Umbowo that help to build up our young folks.

In regard to our Medical Work, once again we must say that time prevents us from giving an adequate account of the magnificent work each centre has done, is doing, and about to do. But here, as in the other branches of our work, evangelism is the key note. Nyadiri actually has a full time hospital evangelist and surely has a fruitful soil among those who have been brought so low and now have time to wait on God. Here again, we see too the urge to build - a busy male nurse taking time to repair and build a worker's hut. At Mutambara they are looking forward to the completion of the new Maternity Hospital which has been praised by the Government Inspector as being

of a very high standard. The babyfolds are as much needed as ever and surely it is an advance step to open a "WELL" baby clinic. Indeed clinics throughout the community are the desired forward step of all concerned in this medical work.

Agriculture.

This year at Old Umtali, the boy's agricultural classes were assigned to a proper school farm of 60 acres. It will be interesting to see the result. On the Mission farm the fruits of a soil improvement program are now becoming apparent, with more than doubled yields of maize per acre.

Nyadiri Mission farm is giving a tremendous challenge to the new missionary who has to tackle it. So much needs to be done and undone. But we give him a word of cheer and congratulate him on clearing away all the hindrances and preparing to sow the seed that will surely result in a harvest in the years to come.

So here we are- a community of the Church of Christ, drawn from a miscellany of human kind, all working for the bringing in of the Kingdom of God. Around us are other communities, working for the same end but perhaps with rather different view points.

One incident is worthy of mention-not because of the incident itself but because of what it perhaps portends. In one district a Woman's Institute for the African women was inaugurated two years ago under European leadership. It had its beginnings in the open air under the trees. With the

coming of the rains, the use of a suitable room was requested of the Mission. This request was granted and the movement went on from strength to strength. Early in 1953 the moving spirit of this movement went on leave, pending transfer, with the result that the European leadership was dropped, for various & sundry reasons. Did this end the movement as well it might have done ? Not at all. Strange to relate, with the absence of European leadership, the attendance at these meetings has increased from twelve to forty. This fact is a very significant one. When Christianity is naturalized in Africa as it certainly will be, and the indigenous church emerges, might it not be that it will be found wearing African bodies as different from European Christian bodies as Black men are from White? European were not obliged to become Asiatics in order that they might become Christian, and Africans can take Christ as the Lord of their lives and institutions without recasting them in a European or American mould.

The important thing is that we are all in the same army. We fight against the same foes ignorance, superstition, sin and selfishness- and evil in its every form. We seek to obey the same commands of love to God and love to fellow man. Within our forces we endeavour to hold the unity of the spirit in the bond of peace. Knowing this, believing in it, living by it, we rejoice as we hear the battle cry of each advancing unit of our forces.

The African Missionary Society

Many people do not know or understand about Chikwizo Boarding School at the present time. Since May last year, we are at the Old place from the new site at Rwenya River. We have removed all the Mission property from the new place to the Old place where we are. One good building of Kimberly Bricks is still in good order though it needs proper thatching but the rest of the buildings are down because of the heavy rains of last year. This year we wanted to open a school down there but we could not because of lack of teachers. So we only have preaching on Sundays at that place and at Mr. Kaplan's store where many people meet from the villages. This also serves as a waiting place for the P.E.A labourers (Ulere Camp) and also those from Nyasaland. At this location, the word of God is preached to these people.

Nyamvuracena Station.

This is the place where our

has been doing the work of teaching and preaching. All these years the community did not recommend his teaching because he is only a Standard Two. I tried to find a better teacher for them and I could not succeed. I succeeded in getting a Std 4 lady teacher, Clara Chifodya from Mtoko. Clara and Katewera worked on very well for a Term. When the Second Term was commenced there was a conflict between them. Katewera was against the work of the lady teacher and even against the pastor and his work. So I told the Superintendent and the ex Pastor about this and the Superintendent told me to dismiss him because of the misunderstandings of the same nature have been experienced even with the other Pastor, who was first appointed to Chikwizo. After this had been done, the lady teacher asked to be dismissed instead of Mr. Katewera. Katewera is ready to move to another place near by. We can carry on with the work if we are able to get a teacher. Preaching is still carried on fairly well at that sameplace.

Nyamande Station.

This is where Lucia Gambara is preaching and teaching. She is doing very fine piece of work indeed. A pole and mud school building was erected which is also used for church purposes. Here, the people come on Sunday to hear the word of God. This year the children in school are very few. They are only 20.

Nyakatewetewe.

This preaching place is about 12 miles from Chikwizo, in the South East, direction. There are also many people who are hungry and thirsty for righteousness. We often go to these people and preach the good news of Salvation. Each time we go there, they ask us this question, "When shall we have a teacher?" I have always said, "Kana tamuwona, anouya."

Chikwizo Mission

Chikwizo is now known to be what it is by the word of mouth. By this I mean as you may very well remember in the report I gave last year that all the buildings are down and a few are yet to be recognized and used. When we came up from Rwenya River we put up two huts with the school children for Lillian Musakasa who is the lady teacher there. The other one was for us and we used it as a kitchen. We put on a roof for Eunice Mufunde before she went to Tsiga Station in Mtoko District by transfer and now it is being made use by Mrs. Loveness Nkomo, who is a teacher.

This year we have what we may call a big enrolment of children in school and it is larger than that of last year. The children are about 91 and are all day scholars. There are no boarders except three girls who stay with us. Two of these are from Mtoko and one from Chikwizo. If only we had food we would have had boarders at this place. This would take in boys as well as girls. We have not

enough for ourselves as we have to use our hands for ploughing. If we hire someone who is fortunate enough to own some oxen, we have to pay him for doing the ploughing. There was only one ox left at the Mission known as Mhiripiri, but died this year from an attack by Tsetse flies.

The big problem of all time is "Water Supply." This year both the water wells are full of water and we are wondering how long it will last us.

There are not enough teachers so that I am also teaching. I shall have to continue teaching until such time as we shall be able to have a qualified teacher to take up my place and teach Std. 2 and 3. Then I shall only be able to carry on my pastoral work.

Every Sunday the people come to worship and their attendance is not discouraging at all as we have about a hundred people or more. When we have our Quarterly Meetings we often have 300 to 400 people attending these meetings. For the first time in the history of Chikwizo, Luke and Roda both of Chikwizo were united in Holy Matrimony. The M Y F., R. R. W. and the Sunday School are being carried on fairly well. So brothers and sisters in Christ and the Bishop, Chikwizo, the man was not covered by the falling buildings, he was left and is alive. If we can only build again, the sooner the better.

The Methodist Historical Society

The Society was organized

in 1938 for the preservation and collection of articles of historical interest and the writing of History. During these years considerable valuable material has been secured and projects have been undertaken. Among the histories produced were those of the work of the "Late Mother Hughes", Maranke, and a prolonged study of the first days of our Mission in Rhodesia. The moving of the site and the granting of the old site of Umtali have been given special consideration. The Exhibit that you have seen at the entrance to the church is only a small part of copies of valuable pictures and manuscripts that have been brought together after exacting and careful research. We are most grateful to the Archives of Central Africa for making available the files for research. Those significant historical manuscripts are copies and seven of the frames are to be placed on permanent exhibit in the Municipal Buildings of Umtali.

The Society is greatly limited in its activities being without funds for research and equipment for the preservation of pictures, manuscripts and all the many things that make it possible to compile history.

Research should be undertaken on the early history of the Northern section of our work. Valuable letters and material are available in the files of the Central African Archives. The Society is in need of those who have historical minds to assist in this urgent work. A few cannot undertake all these things

The Officers nominated for this year are:

President, Rev. H.I. James
Vice President, Titus Maranke
Secretary/ Archivist, E. L. Sells

Evangelical Association

The work in Manica and Sofala was started in the early days by the American Board with property in Beira and elsewhere. Because of the difficulties in conducting the work it remained at a stand still for many years until the late P. Loze retired and started in Beira. After several years the problems again stopped the work and as a result the Association was organized in 1944. There were five co-operating churches and Societies. There are two Missionaries and their families living in Beira. These have continued the work under very difficult conditions.

The Association is organized with the Beira Committee as the responsible body that meets once a year in Beira. There is an Umtali Committee for the purpose of creating interest and securing help in Southern Rhodesia. Many Churches are sending contributions annually. The Treasurer of the Association is in the Beira and a sub treasurer in Umtali.

The Rhodesia Conference takes an offering each year on World Communion Sunday, the first Sunday of October. In these days of considerable suffering in this work your prayers and contributions will be most appreciated.

The Officers of the Associa-

tion, Beira Committee and Umtali Committee are:

Chairman, E. L. Sells
Secretary; Beira, Rev. P. Knutsson
Umtali, Mr. David Evans.
Treasurer: Mrs E. Kaltenreider, Beira

The Methodist Council

The Methodist Council met in Salisbury, May 7th and 8th, 1953. The following is presented for consideration and action.

Higher Theological Training

After discussion it was agreed to accept the status quo for the present level of training and to deal with that of higher on the University level.

The following recommendation and resolution was adopted:-

"This Meeting of the Methodist Council, having given consideration to the question of the future of higher education for the Ministry in Southern Rhodesia, presents the following proposals for the consideration of the Southern Rhodesia Missionary Conference:-

In the near future the foundations of a University of Southern Rhodesia will be laid. We believe that its doors, must be open to the peoples of all races. It is essential therefore, that immediate consideration be given to the best means of relating the work of Ministerial Training to the future University.

Among various alterations two stand out. The first possibility is to work for the establishment of a Union Theological College, where those students of the

Co-operating Churches who are capable of receiving higher education would receive both University and Ministerial training.

This plan would involve a rather dangerous separation between the higher and lower trained Ministerial students. The latter would continue to be trained in other colleges, which would as a consequence be weakened both numerically and academically. This scheme did not commend itself the Members of the Council.

The second alternative is to seek to establish a faculty of divinity at the University with at least two chairs or lectureships. The University would then be able to provide Theological and Biblical subjects suitable for a degree in Theology. A prospective divinity student attending the University could then include these subjects in his degree course. When he has graduated he will then proceed to the divinity school of his own church where his Ministerial training will take place along side that of his brethren in the Ministry. His course, however, will be of shorter duration than theirs.

The advantages of the second plan would seem to be as follows:-

1. It avoids a sharp break between the two levels of Ministerial training.
2. It makes provision for separate denominational training and does not require immediate radical alteration in the various existing schemes for theological school at the denominational

level. Nor does it preclude the possibility of the future establishment of post graduate theological colleges.

3. It provides a centre of Christian education in the University, the facilities of which will be available to all students. For example, teachers in training would take a divinity subject for diploma or degree.

4. Those who staff the faculty could also act as Chaplains of the University.

5. The ministers in training would be able to share fully in the life of the University, instead of living the separated and divided life which is inevitable when, as members of the theological college, they simply attend lectures as external students.

6. We regard it is an essential part of the scheme that the co-operating Churches should endeavour to establish a hostel for African students, where the future ministers would live together with the students of other faculties. Under the leadership of an effective Christian warden, such a hostel would play an invaluable part in the promotion of the spiritual life of the University.

7. One further line of future development was foreshadowed. It was suggested that intending missionaries might be sent by their Societies to take the final year of their study at the University, where they could combine theological studies with the vernacular language and other subjects provided by a department of Bantu Studies.

THE ANNUAL MEETING HELD IN MARANKE RESERVE.

To those who attended this meeting, it was surely a great reawakening of our faith in Christ. There were many representatives from all over our Conference, the only one who came from very far was from Northern Rhodesia. "That they may be one", He prayed. And so we were made one.

The Chief, Maranke, attended the Meeting on Sunday. He was very pleased indeed and greeted the missionaries and the gathering. He reminded us of the late Rev. Greeley who had built a Church of Stones at Mt. Makoniwe, and how he had sown the seed of kindness in tears through those weary and trying moments, and that now, the seed is bearing the fruits.

One very surprising and encouraging fact in our time is, small that the big people of the country (The Government) have failed to unite the chiefs but at these meetings chiefs from all places stay together eat together and pray together. Isn't that wonderful. The R. R. W. might as well say with that little boy or servant, who turned off The Duke of Wellington, "I have done what Napoleon, could not do." The R. R. W. has done what Napoleon, the Government could not do.

To honour our missionary fellow women in the R. R. W. it has been thought that those who should like to join the R. R. W. could only be received during our Annual Meetings. Miss B. Reitz and Miss Tubbs were received at this Meeting. What an encouraging act!

Among the many things that took place at this meeting was the attendance. We can only now give the number of those who partook of the Lord's Supper. There were about 14 pastors among them and the Old faithful friend of us all Baba Thomas Maranke was with us.

These ministers served the Lord's Supper to about 2,000 people. This was a very precious moment. A collection of about £30 was collected in aid of the Salisbury Church. A free will gift was collected to purchase a clock for the R. R. W. A collection of about 4/- was started by the people from Bulawayo to buy a Big Light for the R. R. W. A very lovely table cloth was given by the Maranke M.Y.F. For all these things, we are truly thankful.

The evangelist who went to Nyasaland last year was present to give his report. The Lord seemed to have been more real than ever before when the report and the rest of the words were spoken. This big debt we have to pay of sending the Word of God far and wide can only be paid by the prayers we very sincerely render.

We also thank Mai Eriksson for spending all these days with us as did the other missionaries.

Last and not least, we thank the Methodist Church and the Government for allowing us to have this movement in which we feel that we are part of the Church all over the World and that we are trying to build His Kingdom here on earth as it is in Heaven.

Our Annual Conference

We thank Miss L. Tubbs for her work among us in the Bible Schools, and her love among African women. We thank God for His care to keep her strong to stand cold days we had at Manyika, during our Meeting. We will continue to thank her for the use of her Loud Speaker. She is helping us to enable our women to understand each other. It was a blessed time to many of our women and our God was with us there. We were 2,485 people in our meeting and 125 received Christ; and 900 received the Lord's Supper.

We ask you all to pray for our work as long as we live.

RUWADZANO SOUTHERN SECTION)

Honourable Bishop Booth and all the respected members of the Conference: We do thank our Lord and Saviour for enabling us to take part in His great harvest. I am permitted to read the the 15th Report of the R. R. W. in the Methodist Church through the grace of God.

Lest we prove faithless to our legacy trust, or even yield to temptation, to be luke warm in its administration, let us now face the fact that "Everyone of us shall give an account of

himself to God in a white light that will play up every motive." What sort of a life story will our lips formulate? Will it be a song of victory? Let us live here as though we were there, turning in our accounts.

Through His help, the work of visiting the sick in body and soul is being carried out faithfully, as reported by every branch of the R. R. W. in our Circuits. The sick are being helped with mealie meal, wood and sometimes money. We do pray for our weak Christians as well. It is true that R.R.W. is showing itself as a very immediate help in times of sorrow and trials.

Our ministers as well as the Superintendents will very readily bear witness when we say that nearly at every Quarterly Meeting many young and even old women are being received in the church being the outcome of the work done by the R.R.W.

Here, now, are the few of the many things that have been done since the last Report was given. In turn, groups of women helped the sick and needy. (Domestic Duties). During the Annual Meeting, a sum of money was shared amongst the blind men, who received it wholeheartedly. These acts of mercy do draw us much nearer to the Lord and increase our faith in Christ. A sum of 10/- and 5 tins of grain was given to a very elderly non christia local Chief's wife. A sum of £41 was collected at different places to help in the construction of Local Church (Chito included).

Faithful Christian women go about helping the sick, lame, and blind who, being victims to these defects, are unable to help themselves.

RUWADZANO NORTHERN SECTION

Bishop and all the members of the Conference, We are here again with a profound gratitude to the Lord Jesus for His constant presence, for His preserving grace and His guiding spirit. His grace has this year been sufficient for us. We are real thankful for His grace to allow us to give this little report of little work. We are trying to use the hands, feet, knees, and hearts. He gave us hands to work and help those in need, feet to visit them, knees to pray for them, hearts to love Jesus more and more.

Pray for our little work as women. Philippians 2: 15. Let this mind be in you which was also in Christ Jesus in our prayer.

Salisbury: We help the sick in the Hospital and many lose their beloved ones there in Salisbury Hospital. We spent £6 to help the sick and the dead. We helped one women who was from Nyasaland and did not know where to find her relatives. We helped a woman who one gave birth to twins on the way alone. We are doing wonderful work in showing the love of God in our City and we work together with women of other churches.

Uzumba South Circuit Report:

We gave money to build the Pastor's house. We also gave table clothes for the Lord's Supper and a basin for Baptism. We go out to preach two by two in our villages.

East Circuit Report:

We helped many people this year and we are having many

revivals. This helped us win many to Christ.

Mrewa North Circuit Report:

We helped the orphans with a bag of rice. We thank Rev. & Mrs. O. Stine for their help in one of our meetings to help those who are seeking Christ, and one very interesting thing is that we won some old women to Christ.

Mrewa Centre:

We are praying for patients in the Hospitals and helping with money to those in need.

Nyadiri East Circuit

We help those who are sick and the widows who are in great need

Maramba and Pfungwe Report: We help those who are sick and bringing them wood and mealie meal and praying with them and sending mealie meal to any who give birth. We welcomed our new teachers with two tins of mealie meal. We thank God because He gave us new women in our Rukwadzano those who never heard of the love of God.

Nyadiri Centre:

We first of all thank Dr. Culver and Rev. Nyamukapa for their visit to Nyadiri and the help they gave during the days we were with them. This helped many of our women to know how they can help other people to bring them to Christ. Now our women are really enjoying visiting those who are in need.

Miss King gave what she called Chicken Feed materials and the women helped to sew dresses for some poor families. Sister Jones bought wool to help one family with jerseys and some

of our women helped her to knit them. Mrs. Blomquist left some wool and our women knitted some jerseys for one family. We bought table clothes for the Lord's Supper for our new Church for £2 - 7s 10d. We helped our sick ones with £1 - 2s 6d and mealie meal to those in need.

We helped stumping trees from the Church site. We helped one of our members who has not been a strong Christian for a long time, by preparing a feast for her Christian wedding. Some of the women brought pots of sweet beer and some brought sugar and bread for the wedding feast.

G POLICY ON RACE RELATIONS

1. As the General Conference of The Methodist Church started in 1952, "Ours is a world Church. As such, its responsibility is to unite in one fellowship men and women of all races and nations. As Christians we confess ourselves to be children of God, brothers and sisters of Jesus Christ"
 2. Our responsibility for expressing love in all relationships is made clear repeatedly in the Scripture, as, for example, in Acts 10:34-45, Romans 12:14-21, I John 3: 18 and Galatians 3: 28.
 3. As the Methodist Discipline points out "The supreme aim of Missions is to make the Lord Jesus Christ known to all peoples in all lands as their Divine Saviour, to persuade them to become His disciples, and to gather these disciples into Christian Churches; to enlist them in the building of the Kingdom of God; to cooperate with these churches to promote world Christian fellowship; to bring to bear on all human life the spirit and principles of Christ."
4. Primarily it is the task of the Christian Church to lead the way in creating better understanding in the Christian Church and Community, and we realize that in passing judgement on government and other organizations or persons we are also passing judgement on ourselves.
 5. We believe that the application of Christian principles to civic life should include:
 - A. increased opportunities for Africans to vote.
 - B. fuller use by Africans of the opportunities they do have to vote.
 - C. progressive steps in increased African participation in civic leadership.
 - D. an equitable land policy and responsibility for its proper conservation.
 - E. recognition of the cultural contribution of all races.
 - F. a common standard of courtesy.
 - G. the application of justice and mutual respect in all areas of social life.
 6. It is our task to establish general Christian principles, rather than merely to list many specific difficulties, but we urge that these principles be applied

- and carried out in individual situations by our Church people.
7. Appointments to leadership should be based on character, experience, qualifications, and no position should be withheld from or given to a person simply because of his race.
 8. As Christians in a Christian Church we must be leaders in doing all we can to avoid misunderstandings, and in providing a fair salary schedule, satisfactory housing and satisfactory opportunities for good living conditions.
 9. As Christians we should be the ones to take the initiative in providing social contacts with each other through church activities, family contacts and individual association.
 10. As Christians working together we should fulfil our responsibilities and be able to accept fair criticism which is given with the intent to improve the situation and not feel that this is a racial matter.
 11. In all cases we should learn to distinguish between human problems and racial problems.
 12. We must remember that it is only through Christian methods that we can hope to achieve these goals.

**THE POLICY OF THE
RHODESIA CONFERENCE
OF THE METHODIST
CHURCH IN REGARD TO
FACILITIES FOR THE
TRAINING OF TEACHERS**

Since the establishing of schools for the training of teachers in Elementary Courses in 'Southern Rhodesia, the Methodist Church (formerly Methodist Episcopal) has sought to co-operate with the Native Education Department to the full extent of available personnel and finances. The necessity and urgency of having Trained Teachers has brought about through the years, a priority in the assignment of both personnel and finances to the Training School at Old Umtali. If an accurate record were available as to the numbers that have been trained it would be a considerable figure.

So urgent was the need to meet the position in the North country, namely Mrewa and Mtoko Districts, that a second school was established at Nyadiri in 1947-48. Due to lack of facilities, personnel and finances the course there was discontinued and the pupils were adequately taken care of at Old Umtali.

It has always been recognised that there has existed a strong and at times unfriendly feeling between the Africans in the Eastern sections of Southern Rhodesia and those of the Mrewa and Mtoko Areas. Although both sections speak different dialects of the same Chishona language, yet the language barrier has always been exaggerated as a reason for these feelings. It is realized that this feeling goes away back in history wherein there was a continual warfare between these tribes. Through the years the Methodist Church

has catered in many ways for these differences, but at the same time, has sought as a Christian Mission to heal these divisions, and to bring about a lasting friendship and fellowship through the Church.

It is recognised that the extension, establishing, growth of the schools, and the demand for education, have kept greatly in advance of our ability to provide the trained teachers for the schools and the finances and personnel for such training. This has been particularly true in the Mrewa and Mtoko areas, that are a greater distance from Old Umtali, and whose interests are centered mainly in Salisbury as the urban centre. We feel that every effort, within reasonable limits, has been made to try to alleviate this shortage of trained teachers.

The loss of Trained Teachers from the total staff of the Church has been most discouraging. Yet this has no doubt been no greater than that of the average Mission. Some of the contributing factors are the low moral standards of the Africans, as compared with those required by the Church, the using of the Training Course as an opportunity for higher education, the attraction of higher wages in other types of work, the lack the spirit of the true vocation of teaching, and personality conflicts. All of these are a part of the failures of human nature as mankind has experienced through the centuries. There are no records available as to the various reasons for, and the total loss of trained teachers. No

doubt if these were available we could better face and seek to overcome these difficulties. As a start the Teacher Training Department at Old Umtali has been requested to keep such a file and record of each teacher.

The factors that have influenced and directed the Policy for Teacher Training in the past have been carefully studied; discussions with the Chiefs in the Mrewa and Mtoko areas have been evaluated; the lack of trained teachers in the total of our schools, as well as such a low percentage in the Northern areas, has been checked, and measures are being introduced to try to overcome these difficulties, by increasing the number in training, by halting the decrease caused by teachers leaving the work, and seeking to bring back into the work those that have gone into other employment. It is realized that immoral and criminal losses are a complete loss to the work, and that such percentage must be written off. The correspondence of the Native Education Department on the subject, about which a concern is expressed in that the effectiveness, efficiency and standard of the schools depend upon increasing the percentage of trained teachers, has been carefully studied and considered. We would like to assure the Native Education Department that we are just as greatly concerned and are not sparing ourselves within the limits of our resources to meet the urgent need.

Thus after repeated and careful consideration of the Teacher

Training programme, the urgent needs and the available resources, the following policy, until circumstances alter, has been adopted by the Field Committee (the Executive Committee of the Board of Missions in New York and the liaison with the Conference) as of date August 15th, 1953, and the Rhodesia Conference of the Methodist Church, as recommended to the session by the Board of Education of the said Conference as of the date of August 21st, 1953.

1. That it is only possible in the light of available resources to have but one Teacher Training School.
2. That this school can best be continued at Old Umtali with the facilities, buildings, equipment and personnel available there. New buildings are being erected to supplement the buildings already in existence.
3. That a more effective school can be conducted for the total student group in training if located in one place, because of the economy of staff and housing of same; the total use of buildings, equipment and the effectiveness of the practising school.
4. That Old Umtali can accommodate and staff for the two year course, a total of 120 students. As present conditions indicate, no more than that number could be trained in even two schools. The students are not available for a greater enrollment
5. It seems to us that the differences between the Eastern Area and the Mrewa and Mtoko sections should not be a barrier to the students going to Old Umtali. The first year class for 1953 has 46 pupils; 23 of these pupils have come from these Northern Areas, thus leaving only the remaining half from those areas about Old Umtali. This indicates that pupils that are really interested in securing Teacher Training are coming to Old Umtali regardless of differences and the distance.
6. It is the policy of the school to take in the first year class, one half of the total number from the Mrewa and Mtoko areas.
7. That when the present enlarged unit for more training at Old Umtali is filled to capacity, further consideration will then be given to the establishing of a second Teacher Training School.

It is known that the need for more trained teachers is evident, urgent, and calls for the greatest effort on the part of our available training facilities.

It should be noted that the facilities for the Higher Teacher Training at Waddilove are made available to us, and that we are increasingly using these courtesies.
